APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.6 cubic feet per second. (One and six-tenths)

Actual construction work shall begin on or before May 27th, 1918.

Proof of commencement of work shall be filed before June 27th, 1918.

Work must be prosecuted with reasonable diligence and be completed on or before May 27th, 1919.

Proof of completion of work shall be filed before June 27th, 1919.

Application of water to beneficial use shall be made on or before

May 27th, 1923. Proof of the application of water to beneficial

use must be filed with State Engineer on or before June 27th, 1923.

Proof of labor filed JUN - 7 1918 WITNESS MY HAND AND SEAL this 27th day

Map filed JAN - 9 1919 of November, 1917.

Proof of completion of work filed MAY 15 1919

J. S. Sengham State Engineer

Cancelled Dec. 28, 1923 because of failure of applicant to comply with provisions of permit.

Robert A. Allen State Engineer

This permit is issued subject to all prior rights on the stream system of which this source may be a tributary. It is expressly understood and made a condition of this permit that diversion of water shall cease immediately upon notification from the State Engineer that there is a shortage of water in the source herein described.

A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times.
